Kingston Crossing

APARTMENT HOMES

Experience the difference with Kingston Crossing Apartment Homes. Come see how elegance and luxury living meet convenience. Kingston Crossing is a one of a kind apartment community with distinct amenities. Our open floor plans have rich detail for that custom home feel. Kingston Crossing is strategically placed in a highly desired school district. Our apartment homes offer an all inclusive retreat to your daily commutes. Let us welcome you home to escape from the city and enjoy the lavish property.

Welcome to the Neighborhood

Garage: each apartment comes with its own attached garage. This simple amenity costs \$60 a month in other apartment communities, this gives you a total savings of \$720 a year!

Energy efficient construction: Savings of \$50-100 a month. Potential Total Savings could range from \$600 to \$1200 a year. (Compared to a 1000 square foot single family dwelling)

24 hour maintenance, landscaping, and overall facility upkeep.

Storage: Our apartments come with a dedicated storage space and it is usually located in the garages but some are inside the unit. They're so spacious that the only way to fairly compare them to anything else, would be to put them side by side with a professional storage unit. With that said, all storage facilities located within a 6 mile radius of our apartments, charge an average of \$55 a month for non-climate controlled units and \$95 for climate controlled ones. Therefore, if you have items to store, you can expect annual savings between \$660 to \$1140 simply by living with us!

Full gym: with luxury features such as Well Beats training programs & tanning beds (fees for local gyms within a 20 mile radius: initiation fee of \$49.99, a monthly fee of \$38.99, and \$35.00 for a key fob) Total yearly: \$492.98

THE 21-DAY PURIFICATION PROGRAM

**Would you like to Purify/Cleanse your body?
Lose weight? Feel more energetic?**

Drew DiVittorio Dipl., CH(NCCAOM) is starting his next 21-Day cleansing program starting on Friday, January 27. He will give a Complementary Introduction that evening 6:00 p.m. - 7:00 p.m.

Drew combines the most current scientific research with Oriental Medicine, creating a detox program that is the safest and most effective to cleanse your body, help you lose weight, and feel more energetic.

Now you can be guided through this 21 day program with the support of a small group meeting once a week for 3 weeks. This safe program will recharge, renew, and rejuvenate your body, mind and spirit- an opportunity to look at your eating habits and make some healthy changes.

Here is what you will get if you sign up for the 3 week program:

- 65-page detoxification manual, which includes meal plans, recipes, and educational materials
- Personalized herbal formula based on pulse and tongue reading to balance your internal environment
- Specific antioxidants to scavenge free radicals and clear heavy metals
- Fiber, antimicrobial herbs and probiotics to cleanse the colon
- Tai Chi exercises to enhance the cleansing process

Drew DIVITTORIO, DIPL CH, is a national board certified Chinese Herbologist. He received his diploma in Oriental Medicine from the School of Classical Chinese Herbology in New York City. Drew is on the exam committee of the National Commission for the Certification of Acupuncturists & Oriental Medicine (NCCAOM). In addition to teaching his own students. Drew is part of the teaching staff at The New York Open Center and the University of Bridgeport. He maintains a private practice with offices in New York City and Connecticut

**FRIDAY, JANUARY 27
COME TO OUR
FREE INTRODUCTION**

Time | 7:00-8:00 p.m.**

ABBADOX

Charge Capture goes mobile!

AbbaDox Charge Capture accommodates even the most demanding healthcare environments.

AbbaDox Charge Capture enables hospitalists to securely record patient care charges at the point of care using smartphones, tablets or desktops.

An intuitive user interface along with a unified patient visit list, makes this one app hospitalists will covet. It escorts the physician on rounds, making it a convenient and fast way to document the encounter. Plus, because it works on a smartphone, patients can benefit with more "face" time, often lost to data entry or EHR systems.

Coding is completed at the time of care, virtually eliminating lost charges. Automating charges mean coders don't need to waste time interpreting illegible handwriting from paper faxes. Since the charge data can route immediately to billing, accuracy increases while revenue cycle time shrinks.

The solution works with your existing HIM, so it's *affordable*. The application is *super easy* to learn and deployment takes but a few weeks. So start recouping lost billings. **You'll be AMAZED at the results!**

Physicians can:

- Record charges in seconds
- Pull data from HIM systems
- Search codes using predictive text
- Add structure to ad hoc, unmanaged processes
- Reduce missed charges or errors
- Improve productivity through mobility
- Spend more quality time with patients

Administrators can:

- Replace bottlenecks with efficient data flows
- Manage patient visit lists with ease
- Alleviate doubts with validation rules
- Speed invoice processing
- Generate real-time status reports
- Reduce claim submission time
- Lower risk for unfavorable audits

"Charge capture has been a great asset for our organization. It has allowed us to eliminate an FTE in charge entry, by receiving the charges electronically for 15 providers. Charge capture has also allowed us to track charges real time and report missed charges immediately."

Amy Grissett
Director of Operations
Medical Practice Solutions

Introducing

When New Opportunity Partners with Best-In-Class Service

This year begins a new era of global trade for Central Florida with the maiden call of the first container service of its kind for refrigerated and dry cargo at GT USA's new Canaveral Cargo Terminal in Port Canaveral.

Serving shipping lines that connect Port Canaveral to the world, GT USA is bringing to Central Florida the same best-in-class service and operational efficiency that parent company Gultainer delivers every day.

Founded in 1976, Gultainer has grown to become the world's largest, privately owned, independent terminal operator and logistics company, with a strong global presence and business interests in Europe, South America, the Middle East, the Mediterranean and North America. Gultainer now operates 15 ports and logistics centers worldwide.

We believe in the power of partnership and have developed strong ties with global shipping lines that value high productivity and service flexibility.

Partnering progress

**When

expertise**

**Partners
with new
opportunities**

The GT USA Canaveral Cargo Terminal is Florida's newest gateway to international trade. Located only 50 minutes from Orlando, the new state-of-the-art container terminal at Port Canaveral provides the fastest transit time to Central Florida destinations versus any other terminal in the state. Accessible within 3 hours of most of Florida, with seamless highway and rail link connections to the rest of the country, Canaveral Cargo Terminal is here to meet your growing trade demands.

5 TIPS: PREPARING FOR POOL DECK RENOVATION

The 15th-floor pool deck will be closed and off limits for renovations as of December 5, 2016, when demolition begins.

Renovations are dirty. But there are steps for residents to take to protect their property.

Complete Property Services, the general contractor for the project, is working to ease the inconvenience that will come with living around a construction zone. Here are tips from Complete Property Service for residents to prepare for the months ahead:

1. Vibrations

Prevent damage to your valuables by removing hanging objects from walls, tables, racks and shelves, and safely store them away. Heavy machinery used during demolition will cause unexpected vibrations that could knock loose objects to the floor.

2. Cleanliness

Dust is inherent at construction sites, therefore the contractor will use water misters to help keep dust close to the ground. Yet, strong winds will invariably carry dust upward and onto balconies. Residents may clean their balconies as long as water is contained and does not drip onto the deck.

3. Schedules

There will be construction noise from 9 a.m. to 5 p.m. Monday through Friday, and possibly Saturdays to keep the work on schedule for completion. Workers will be arriving on site at 8 a.m.

Make yourself aware of construction schedules, including deliveries and demolition removal, by checking the Master Association website: <http://fsrsouth.fsrconnect.com/iconbrickellmaster>

4. Access

To access the iconbrickell Spa and the Fitness Center from Tower 3, please exit to the garage through the access door on the 14th floor and proceed to your right. Follow the yellow lines painted with an arrow and Spa Fitness words on the floor, which will guide you across toward the entrance of the Spa 14th floor.

Kindly be cautious of vehicular traffic and always stay on the path of the yellow lines painted on the floor.

5. Safety

Steps are in place to protect the safety of iconbrickell residents, guests and property during and after the renovation of the pool deck. Complete Property Services will team with iconbrickell security personnel to ensure the safety precautions are in place.

BanESCO USA

Visit: www.banescousa.com

Before

The image shows a screenshot of the BanESCO USA website homepage. The layout is somewhat cluttered with multiple navigation bars and overlapping content blocks. The top navigation bar includes links for HOME, DOMESTIC BANKING, INTERNATIONAL BANKING, YOUR ACCOUNT, ABOUT BANESCO, and NEWS. Below this, there is a large banner with the BanESCO logo and the tagline "Here with you". To the right of the banner is a "LOG IN TO YOUR ACCOUNT" button and a "REGISTER FOR" button. Below the banner, there is a "FOLLOW US ON" section with social media icons for Facebook and Twitter. A "NEWS" section is visible, featuring a headline about "Foreign Account Tax Co". The main content area is divided into two columns. The left column features a "Here With You" section with text about the bank's special services. The right column features a "Checking Account" section with a description, features, and other account features. A sidebar on the right lists various banking services under "PERSONAL DOMESTIC BANKING" and "BUSINESS DOMESTIC BANKING".

Integrated Document Solutions

Visit: www.idssite.com

Before

The screenshot shows the homepage of Integrated Document Solutions (IDS). At the top left is the IDS logo. To the right are social media icons for Facebook, YouTube, LinkedIn, and Twitter, followed by the phone number 800-500-8614. A dark blue navigation bar contains the following links: Home, Products and Services, About IDS, Press & News, Customer Support, Contact Us, Login, and Request a Demo. Below the navigation is a large banner with the text 'Cloud Solutions for Distributed Radiology' and the ABBADOX RAD logo. The main content area features six tiles, each with an image and a description of a service:

- Increase ROI End-to-End:** Maximize your radiology software ROI with an information technology platform that improves workflow efficiency and extends capabilities with minimal capital investment.
- Advanced Reporting Tools:** Our powerful reporting application offers choice and flexibility. Enhance traditional methods with unified worklists or specialized workflows for critical findings and bi-rad reporting.
- Referral Marketing Management:** Increase the number of referrals with the only CRM designed exclusively for radiology. Gain insight into existing referral patterns and manage relationships like a pro.
- RIS-PACS:** Obtain the ultimate in image quality, processing speed and scalability – available anywhere via the cloud with this FDA-approved PACS.
- Certified EHR:** An intuitive, user-friendly EHR system complete with natural language processing which allows you to qualify for federal incentive payments.
- Referring Physician Portal:** Save staff time and money on patient study and image distribution. Your referring physicians will appreciate the value added services you provide through secure portal access.

The footer contains copyright information: Copyright © 2004 - 2013, Integrated Document Solutions, Inc. It also lists the company address: 3011 West Commercial Blvd., Ft. Lauderdale, FL 33309 USA. On the right side of the footer, there are links for Home, Products and Services, About IDS, and Press & News, along with a 'Follow Us On' section featuring a Facebook icon.

After

The screenshot shows the IDS website homepage. At the top, there is a blue navigation bar with contact information (Sales: 866.437.4572 | Support: 800.500.8814), links for News & Events, Contact, and Client Login, and social media icons for Facebook, LinkedIn, Twitter, and YouTube. Below this is a white header with the IDS logo and a secondary navigation menu including Home, Meet AbbaDox, Client Solutions, About IDS, News & Events, and Resources. The main content area features a large blue banner with the text "IDS Partners with Nuvodia to Offer Cloud HCIT Solutions" and logos for AbbaDox Cloud and Nuvodia. Below the banner is a blue navigation bar with icons and labels for "About IDS", "Meet AbbaDox", "Latest News", and "Webinars". The main body of the page has a white background with a green headline: "Empowering healthcare professionals with innovative cloud computing technology". Below this is a section titled "Why Choose IDS?" with a sub-headline "At IDS, we don't ask you to shoehorn our solutions into your systems. We work with you to ensure integration or even develop unique technology applications." To the right of this section are three paragraphs of text describing the company's solutions and services, their highly customizable workflows, and the advantages of the AbbaDox Cloud Platform.

NUVODIA

About IDS Meet AbbaDox Latest News Webinars

Empowering healthcare professionals with **innovative cloud computing technology**

Why Choose IDS?

At IDS, we don't ask you to shoehorn our solutions into your systems. We work with you to ensure integration or even develop unique technology applications.

Our solutions and services are tailored to the healthcare industry, generating intuitive operational workflows, automating documentation and adding functionality and interoperability where none existed before – without having to replace current systems.

Our highly customizable workflows are designed and built using the **AbbaDox** health information management platform and its modular, “building-block” applications, which allow you to engage breakthrough technology. While most electronic record software providers adopted a client-server architecture, the web-based SaaS model makes AbbaDox agile and adaptable, allowing us to modify and add applications and respond quickly to changes in industry regulation and economics.

The AbbaDox Cloud Platform offers many advantages. The flexible architecture of this advanced, next-generation IT cloud computing system scales rapidly. It's agile and accommodates multiple medical specialties and cross-enterprise workflows. It requires minimal IT investment and eliminates the expense of costly hardware and VPNs.
